Awesome Vegan Cologne for Men

The following article originally appeared on [VeganBeautyReview.com](#) and was written by [peta2's Sunny](#).

We all know that vegans smell better (than meat-eaters), but that doesn't mean that we don't like to get our fragrance on from time to time. Being the generous lady that I am, I've decided to focus on the guys today. To all my dude readers, here are my picks for sexy scents:

Burt's Bees
